ONE-PAGE BRAND GUIDELINES

Concept 01 - Switch Off

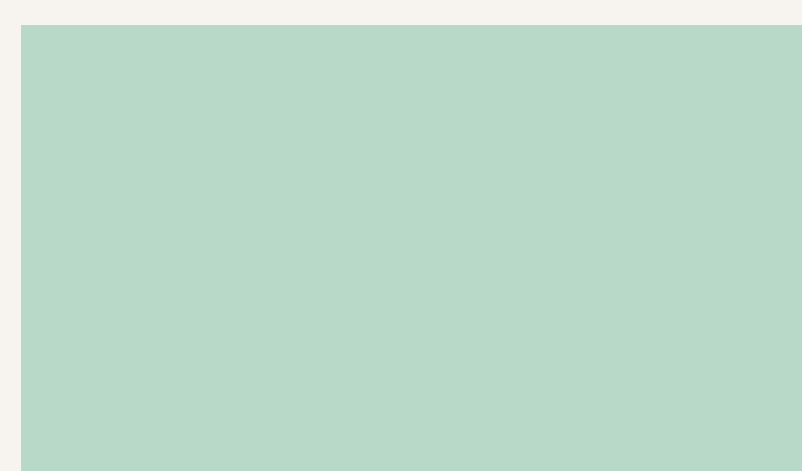

A precise power-down cue for a driven customer who wants control, not sedation.

Color Palette

Night #101820

Warm Neutral #F7F4EF

Accent #B8D8C8

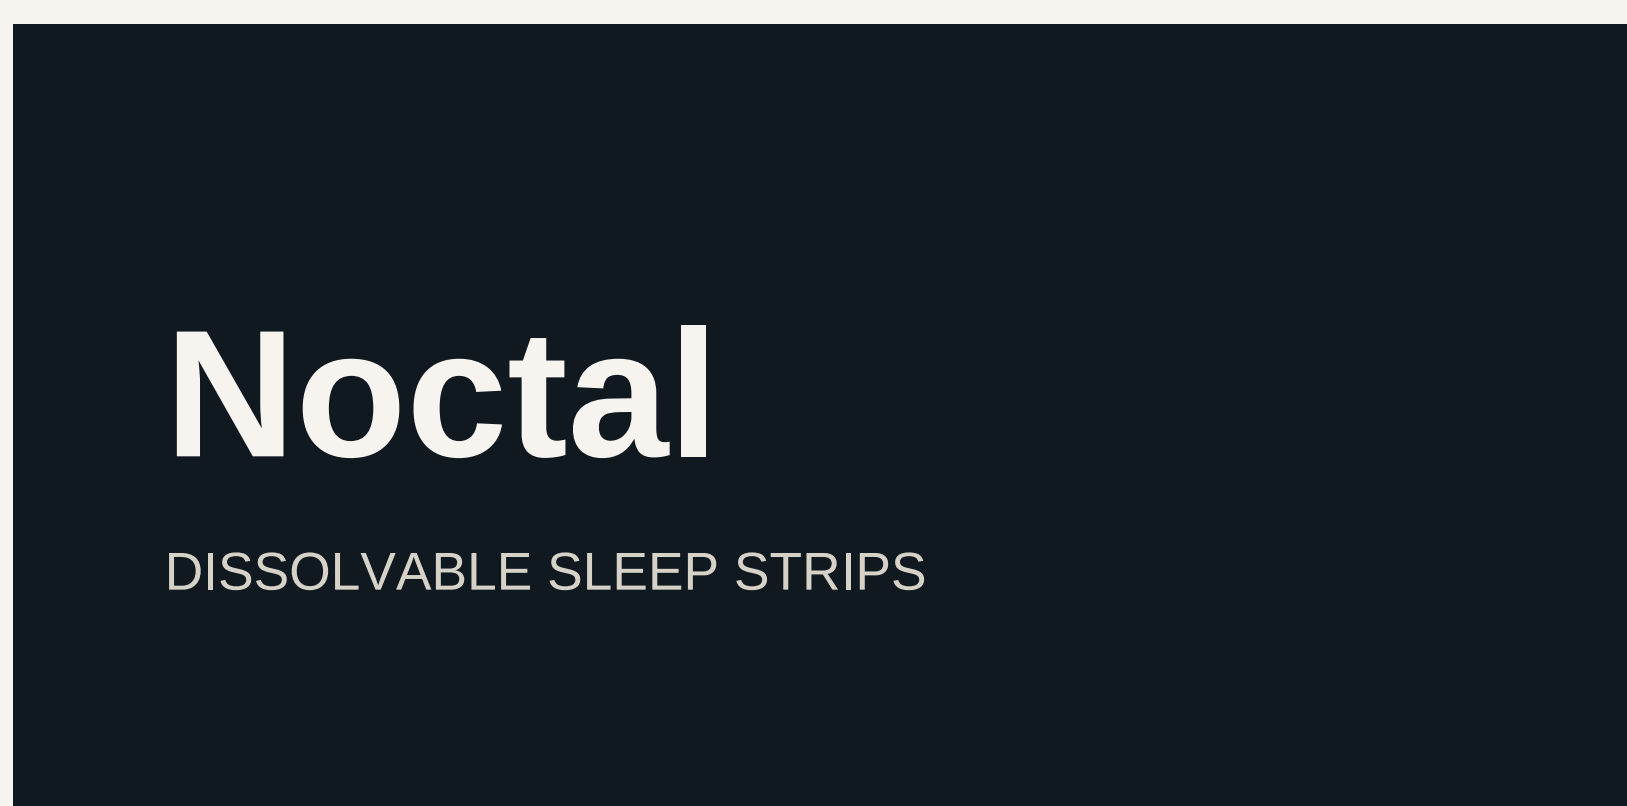

Support #E6C58A

Typography

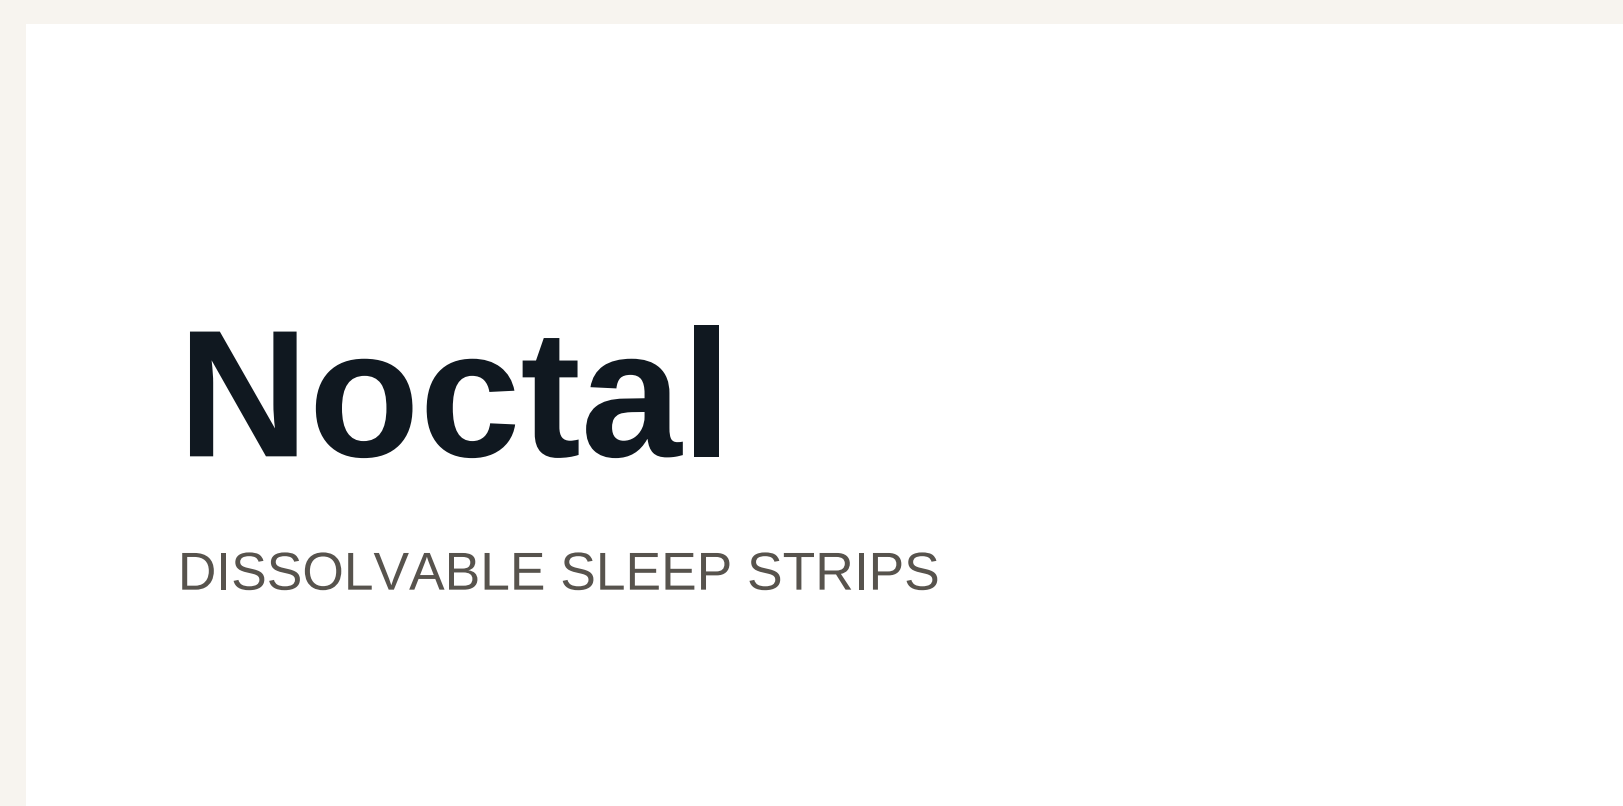

Avenir Next / Inter / Helvetica Neue

Use a clean humanist sans serif. Keep display tracking at 0; reserve tracked caps for small labels.

Logo Usage

Preferred dark-background lockup.

Use light version on white or warm neutral fields.

Dos and Don'ts

Do preserve clear space equal to the icon width. Do use high contrast. Do keep the accent in Noctal.

Don't add moons, stars, gradients, drop shadows, pill imagery, or clinical blue-white styling.

Don't stretch the wordmark, rotate the icon, lower contrast, or place the logo on busy photography.
